COVID-19 Student Preparedness Guide,
Informed Consent Form & Behavioral Commitment
France, Spring 2021

INTRODUCTION
IAU-ACM’s goal is to provide a safe learning environment for its students, faculty, staff, and administrators. This guide will illustrate how France is responding to the COVID-19 pandemic and describe the COVID-19 procedures and policies you should follow while in France. At the end of this guide is an informed consent form and behavioral commitment you should sign and return to IAU-ACM.

France has an excellent public health system and put into place a robust response to the COVID-19 pandemic. Like many European countries, it went into lockdown (called confinement in French) in mid-March and began a gradual reopening in June. The hardest hit parts of the country were the Paris region and the Alsace region. The virus is still active in France but at present most businesses are open, and schools and universities have opened for in-person teaching, supplemented in some cases by remote teaching. Mask use is widespread and is required inside any public space such as stores, offices, schools, and places of worship. France has put into place strong testing and contact tracing procedures to manage clusters of COVID-19 when they emerge. Testing is widely available.

The following guidelines will help you have a safe and productive stay in France. Keep in mind that COVID-19 is a new disease, and guidelines may change based on new knowledge and developments. IAU/ACM is in regular contact with local and national authorities and will update guidance on a regular basis.

COVID-19 Testing and Tracking: Anyone coming from the U.S. is required to have a negative COVID-19 test within 72 hours of boarding a flight. IAU-ACM will also facilitate testing of all students 10 days after arrival. After the ten day mark, students will be tested upon showing COVID-19-related symptoms. All staff and host families were tested prior to your arrival. If you receive a positive test, IAU-ACM will enact quarantine and contact tracing protocols recommended by local health officials and you will be required to remain in quarantine until cleared by a health professional. You may be relocated during the quarantine, and if so, you will not incur any costs for the relocation. During quarantine, you will be able to continue your studies remotely. To aid in contact tracing efforts, IAU-ACM recommends you download the STOPCovid app, which is a contact tracing app used by the French Government. It uses Bluetooth technology and does not collect personal data or use GPS signals to locate you.
**Taking Your Temperature:** You should take your temperature every morning prior to coming to IAU-ACM. An app available via your iau.edu account allows you and IAU-ACM to track your temperature on your computer or mobile device. You can access this app HERE in the Spring 2021 Students: Aix-en-Provence Team. You can also download and use the app on your mobile device. IAU-ACM strongly recommends you use this app to monitor your temperature. Download and installation instructions are at the end of this guide. In addition, thermometers are available at the welcome desk and the Wellness Center in Manning Hall, at the Library in the Centre d’Etudes Françaises, and at the Marchutz School of Fine Arts. If you feel feverish or exhibit COVID-19-related symptoms, alert a member of staff immediately.

**Complying with Prescribed Practices of Care:** In an effort to protect yourself and those around you, it is extremely important that you continuously monitor your own health and follow prescribed practices of care as outlined by IAU-ACM and local authorities. This includes, but is not limited to, staying in your accommodations when you are not feeling well, reporting COVID-19-related symptoms or potential exposure to IAU-ACM immediately, and self-quarantining after exposure to someone who is ill or has tested positive of COVID-19. While IAU-ACM will assist students in getting the medical care needed, it is important to note that due to health precautions, IAU-ACM may be limited in their response and support should you exhibit symptoms of COVID-19 or test positive for COVID-19. Such limitations are out of protection of their own health and that of others.

**Sanitary Guidelines in the Community:** In France, masks are required inside any public place, such as stores, offices, schools, and places of worship, as well as in many outside areas. Masks are required for all public transport. Currently, in Aix-en-Provence masks are required in the historic city center pedestrian zone, where the majority of IAU-ACM buildings are located. They are also required in the following areas: Le Cours Mirabeau, Avenue Bonaparte, Cours Sextius, Boulevard Jean Jaurès, Boulevard Aristide Briand, Cours Saint-Louis, Boulevard Carnot, La Rue d’Italie and the Allées Provençales outdoor shopping mall. A map for easy reference is attached.

In Marseille, masks are currently required throughout the city. Many other French cities, including Paris, have similar rules. These rules are adjusted on a regular basis and you should always carry a mask and follow local instructions. Failure to wear a mask when required may subject you to a fine of 135 Euros from the local authorities, for which IAU-ACM is not responsible.

**At IAU-ACM:** Masks and social distancing are required in all IAU-ACM buildings and classrooms, except when alone in a private office. Classrooms have been set up to maintain proper social distancing. Please do not move desks in classrooms. There are posted occupancy limits and social distancing indicators in IAU-ACM classrooms and libraries. You should wash your hands frequently and use the sanitizing gel and wipes available throughout IAU-ACM buildings.

**Host Families:** IAU-ACM pre-screened your host family prior to your arrival to ensure they had a recent negative COVID-19 test and follow proper sanitary procedures. You should follow best practice as well, washing your hands regularly and self-monitoring for COVID-19 symptoms. Masks in your host family residence are not required unless someone exhibits COVID-19 symptoms. If someone in your host family contracts COVID-19 or tests positive for COVID-19 at any point during the semester, IAU-ACM will remove you from the homestay and place you in an alternative homestay, residence hall or apartment at no cost to you unless the cost of relocation exceeds the total housing/program fee already paid to IAU-ACM. IAU-ACM will work with the host and enact quarantine and contact tracing protocols, as necessary. If you are required to quarantine, you will be able to continue to follow classes remotely.

**Social and Cultural Life:** As previously noted, masks and proper social distancing are required in all establishments receiving the public, and in many outside public areas. Restaurants, cafes and bars are
open, with some restrictions. Nightclubs are closed. Most museums are open. Beaches and parks are open. Large gatherings, such as for concerts and sporting events, are limited. Even if permitted, at this time IAU-ACM recommends against participation in any large inside gathering.

**Travel:** COVID-19-related travel restrictions exist in Europe, including within the Schengen space of the EU, and can change at a moment’s notice. Always check with IAU-ACM personnel and relevant authorities before traveling. Always use the IAU-ACM travel tracker so we can contact you if necessary. IAU-ACM recommends you privilege travel within the region and avoid travel that crosses international borders. Depending on circumstances IAU-ACM may at times prohibit travel outside the region or to specific destinations. Failure to follow IAU-ACM travel guidelines may result in a mandatory quarantine upon your return.

**Communication:** The COVID-19 officer at IAU-ACM is Vice President Philip Breeden. Do not hesitate to contact him with any questions or concerns. IAU-ACM will regularly update this guidance. IAU-ACM’s full COVID-19 Plan is available on IAU’s website (www.iau.edu) and ACM’s website (www.acmfrance.org). This guide will also be posted in the *Spring 2021 Students: Aix-en-Provence Team.*

**INFORMED CONSENT & BEHAVIOR COMMITMENT**

Please carefully read, review, and complete the statements below. In anticipation of participating in an IAU-ACM program, I acknowledge and agree to the following:

1. I am aware of the health risks presented by COVID-19, and agree to comply with the contents of this document to protect myself, others in the IAU-ACM community, and those in the local community.
2. I will follow all recommended practices and policies put in place by local authorities and IAU-ACM in order to minimize exposure to and transmission of COVID-19 to others. I understand that failure to follow recommended practices and policies may make me subject to a student conduct violation or a housing policy violation.
3. I understand that, due to the evolving circumstances of COVID-19, the expectations set forth by IAU-ACM (as outlined in this document) and local authorities may change. I understand that I am responsible for complying with any updated/new policies and procedures set forth by IAU-ACM and local authorities.
4. I understand if, due to a suspected or confirmed diagnosis of COVID-19, I must comply with prescribed practices of care, testing, and self-isolation for the recommended designated time. If I fail to comply, I will be subject to dismissal from the program for not following the directions of health care providers, IAU-ACM, and local authorities.
5. I understand that IAU-ACM is not responsible for expenses associated with treatment for health matters and diagnoses, including COVID-19. I am solely responsible for protecting and maintaining my personal health and well-being, and the expenses of treatment as necessary.
6. I understand that I am responsible for the requirements of my academic program at IAU-ACM, regardless if I am participating in the program in-person or remotely. I understand that if I fail to make satisfactory progress in my academic program, I may be dismissed from the program and forfeit academic credit.

By signing this document, I acknowledge I have read and understand the contents of this document as well as the statements listed above.
