"I loved it all! The location was great. We were surrounded by great restaurants and majestic natural beauty. For example the Río Paraná had to be one of the most magnificent that I've ever seen....Professor Hallstead and Professor Dabove were fantastic, passionate teachers and I thought they were perfect for this program."

“The program is very well organized and the classes are fast-paced but not impossible to deal with.... I had an amazing host family and I met some pretty great people from this trip.”

“Take every opportunity that you can to get to know the locals, especially the students at the Colegio where you have class. They are curious to learn about you and US culture and they are an incredible resource for increasing your Spanish fluency and sharing the culture of their country with you.”
